ECIU Learning Offering at TUHH	
Title of the course to be offered	
Start date – end date	
How many seats for international students will be available? (at least ten MUST participate)	
How many TUHH students do you expect to participate? (at least one MUST participate)	
Please state 2-3 intended learning goals	

Why do you want to start an ECIU Challenge or Micro Module? *(max. 300 words)*
Describe the current teaching and learning context, for example, student characteristics and aims. Describe how a CBL Challenge / or the opening of a course as an ECIU Micro Module can help your students to learn.

Interdisciplinary collaboration:
(max. 250 words)

Describe ideas on how inter-/transdisciplinary collaboration within the CBL framework will benefit the learning experience.

Course Design
(max. 250 words)

Please give a brief description how you want to design the course by learning activities as well as the self-learning phases (less than half of the time is possible) and synchron contact phases. Keep in mind that for additional funding as a BIP a minimum 5 day on-campus phase for all students attending is obligatory.

I would be interested in designing a Blended Intensive Programmes (BIP) together with two other ECIU partner Universities:
https://eu.daad.de/infos-fuer-hochschulen/projektdurchfuehrung/mobilitaet-von-einzelpersonen-KA131/blended-intensive-programmes-bip/de/79417-blended-intensive-programmes-bip/

Yes

No

Perhaps

Cooperation with ECIU partners:
(max. 100 words)
Describe the intended cooperation with ECIU partners or/and with the students: What role will each ECIU partner have? How will you help the students to gain international team-work competencies? Do you plan an onsite phase at TUHH? Will it be hybrid or online or both?

If you are collaborating / or would like to collaborate with another ECIU University: Who are you working with? / What profession/contacts are you looking for?
Name of University: *Your contact person:* *Profession (e.g. arts, history, psychology):*

ONLY for Challenges: Cooperation with external partner
(max. 100 words)
Name and adress of an external partner (in case there is already a cooperation) or an idea, what kind of external partner would be suitable.

Budget planning
(max. 250 words)
Add a brief but specified budget proposal for what you are planning to spend the funding for. *Challenge first funding: 20.000 € / Micro Module: first funding 3.000 € (each further year 2.000 €)* *Funding may be used for: Covering (teaching) hours, consultancy fees or student assistance, trainings of dedicated teachers or work shadowing visits as well as course-related material costs, course-related travel costs of TUHH staff.*

Educational support
(max. 100 words)
Please indicate the educational consultancy. For example, educational design, professional (team) development, workplace learning, implementation, assessment and evaluation. *Describe also, if you wish to get support from the ZLL-team to re-design the course.*

Please note:

- Since learners from ECIU partner are not able to join studIP or ILIAS from TUHH other tools must be used for data up-/download, communication and collaboration. ECIU@TUHH team will help you to identify tools or grant access to ECIU IT-System as Microsoft Teams, Miro or Padlet that could be used to conduct the course.

- So far (December 2023), the examination is only planned with "pass or fail" option. In case you 'll have learners who will need a grade, ZLL would be happy to assist you in re-designing/adopting the assessment.

Award criteria can be found [here](https://eciu.tuhh.de/application-seed-funding-eciu-learning-offering-at-tuhh/):
